

Victoria Gold Corp. (“Victoria”) is a mining company with an Executive team that is experienced in developing and operating mines in an environmentally and socially responsible manner. Victoria’s Eagle Gold Mine poured its first gold in September 2019 and declared commercial production at the end of Q2 2020. Future and current mines, like Eagle Gold, will be a strong contributor to the Yukon and its citizens for many years to come. www.vgcx.com

Victoria is looking to hire the position outlined below for our **Eagle Gold Mine** located in Yukon:

RELIABILITY ENGINEER CO-OP STUDENT (TEMPORARY)

Reporting to the Senior Reliability Engineer or his designate, the Reliability Engineer Co-op Student will be responsible for supporting the Reliability Department in Root Cause Analysis (RCA) investigations, data collection and analysis, supporting maintenance activities, and other duties as assigned. This position will also support initiatives to optimize existing processes, practices, and equipment performance to improve cost and meet production goals. This position is a FIFO 2-week rotation at a remote mine located in the Yukon. Duration is dependent on length of co-op work term.

Key Responsibilities Include:

- Perform duties safely and in compliance with VGC and Yukon government safety guidelines and procedures
- Compile monthly Bad Actor reports, weekly and monthly maintenance reports, and other reports as assigned
- Support interpretation and analysis of data and identify potential issues in collaboration with the Maintenance, Process, and Mining Departments to resolve issues
- Support RCA development
- Apply general engineering knowledge to solve problems
- Follows VGC safety and health guidelines and other company policies

Ideal Candidate Will Possess:

- Minimum of 2 years towards a Bachelor’s Degree in Mechanical or Electrical Engineering
- Experience working in a remote mining environment is an asset
- Rational and critical thinker with an inclination for evidence-based decision making
- Ability to translate and communicate technical specification, concepts or objectives to a variety of audiences
- Excellent verbal communication and technical writing skills
- Valid Driver’s License

Victoria Gold Corp. offers a competitive compensation and benefits package. If you are excited about this opportunity and feel you meet the expectations of the role, please send us your resume with the reference headline “Reliability Engineering Co-op Student” to the following email address: greatpeoplework@vgcx.com
